CAR WITH THE QUIET "VALVE-IN-HEAD" MOTOR

Sweetest Running and Most Harmonious Motor Car
Built Today

WONDERFUL **\$750** VALUE

CHEVROLET "Four-Ninety"

"THE FOUR NINETY" is a real automobile. It has a quiet, powerful, VALVE-IN-HEAD Motor. It has looks—it has style—it is beautifully finished and rides like a cradle. THE "FOUR-NINETY" has the following novel and superior features not found in any other car built:

(1) Shock-absorbing duplex front springs; (2) Self-lubricating clutch collar; (3) Hub construction with triple-size bearings, preventing "wobble" of wheels and wear on tire; (4) Compound spur steering gear attached to body—the simplest and safest ever invented; (5) Unit power plant carrying transmission on open brackets, which gives accessibility to clutch and allows removal of transmission, if necessary, in twenty minutes (Patents granted or applied for on the above.)

Besides These Exclusive Features, the "Four Ninety" Has

(1) Streamline front; (2) Crown fenders; (3) Cellular radiator; (4) Body with flush sides and concealed hinges; (5) Three-speed transmission; (6) Three-quarter steering axle; (7) Cantilever springs; (8) Ventilating windshield; (9) Mohair top; (10) The world-famous Zenith carburetor.

OTHER THINGS WORTH KNOWING
THE "FOUR-NINETY" does not have a single hinge joint to squeak or a spring shackle to rattle—and you will find only six grease cups on the entire car.

AUTO-LITE Electric Starting and Lighting System Only \$60 Extra

W. C. DURANT organized the world's greatest and most successful automobile companies, and at present is the head and leading spirit of the CHEVROLET MOTOR COMPANY, one of the strongest financially in the automobile manufacturing field. W. C. DURANT is not new to the automobile industry. It was his master mind that built up the General Motors Company, one of the largest and strongest organizations in the world today. The Chevrolet's cleanly lines mirror the industrial straightness of its builder; its staunchness is emblematic of Mr. Durant's determination to lead; its materials reflect the fibre of Mr. Durant's personality, and the completed vehicle is an entire living personification of this modern miracle man. Mr. Durant owns controlling stock of General Motors Company at the present time.

CHEVROLET "Baby Grand"

IF you can afford to pay \$750.00 for an automobile, YOU are not being FAIR to yourself unless you investigate thoroughly the "BABY GRAND."

ITS clean lines, with every detail finished, make you proud of your ownership—to say nothing of the pride enjoyed while PASSING OTHERS with this car of wonderful performance.

THAT feeling of certainty when you "start your trip" that you will get there, enjoying all the comforts of motoring, will alone justify your purchase of a CHEVROLET.

WHILE we could go into elaborate detail, we invite your inspection and ask you to take a ride. Then ask your friend "who owns one" about CHEVROLET SERVICE, and you will purchase the car with the

QUIET VALVE-IN-HEAD MOTOR

THE "BABY GRAND" is sold under a guarantee that, with carburetor properly adjusted, 24 miles can be obtained from each gallon of gasoline—that it will climb any ordinary hill on high gear with full load—and that it can be driven 55 miles an hour, if you care to ride that fast, and hold the road at any speed.

THIS car was put on the market two years ago and is being produced today practically without change.

THE EVENING BANNER BENNINGTON - VERMONT

Saturday, April 22, 1916.

NORTH BENNINGTON

Assistant Judge Crosby A. Perry and daughter, Miss Grace Perry, of Readshoro were in the village Friday.

George R. Phillips, who has been visiting his parents, Mr. and Mrs. Charles G. Phillips, returns today to New Haven, Conn., where he is attending the Yale school of gymnastics.

Any man or woman in Bennington, whose Easter outfit is not complete will find it to his or her advantage to visit the Joe Levin store this afternoon and evening. Not since he began business in Bennington has Mr. Levin's stock of clothing, suits, furnishings and shoes been so complete and as he bought before the rise in prices he is able to quote bargains that will save his customers money. Adv.

Easter Day will be celebrated with appropriate services at the Congregational church Sunday April 23rd. The morning worship will be held at 10:30 o'clock. Note the change of hour. The pastor's subject will be "The Resurrection Life." The musical features are announced elsewhere. Sunday school meets at 12 o'clock. The Endeavor society holds its meeting at 6 o'clock. The final union Lenten service will be held in the Baptist church at 7 o'clock. The Easter theme

Gouraud's Oriental Cream
and obtain a perfect complexion—a soft, clear, pearl-white complexion that is always retained and is good for the skin—no matter how old you are.

will be made prominent and a few stereopticon slides illustrating the events in Christ's last week will be thrown on the screen.

The Ladies' missionary society of the Congregational church will hold its annual Thanks offering meeting in the church parlors on Thursday afternoon, April 27 at 4 o'clock. Note the change of day. The ladies will enjoy a picnic supper at 6:30 with their invited guests. All ladies are invited. A stereopticon lecture, "Congregational Shrines" will take the place of the midweek meeting following the supper.

MEXICO'S IDEA OF U. S.

Peons Insensible of Country's Power Until Machine Guns Open Fire

Members of bandit gangs in Mexico, says Harry H. Dunn, the former editor of "La Prensa," a Mexico City newspaper, in a recent article in Cartoons Magazine, being unable to read, and uninformed, have come to believe that their little forces are so strong that even the United States stands in awe of them.

"The peon followers of those robber chieftains," he continues, "have heard dimly of the United States, and always as a mysterious, grasping nation, eager to swallow Mexico and the Mexicans at one gulp. They know nothing of actual war; they have no idea of the power or the resources of the American people; they are told that we were compelled to flee from Mexico City in 1848, and that we retreated from Vera Cruz in 1914; that Resaca de la Palma and Molino del Rey and Buena Vista were victories for the Mexican army, and they say, 'Why not fight the United States?'"

"And they never find out why not until the scythe of the American machine gun has cut them down. In several trips over the battlefields where there were more dead than I cared to look at never have I seen such horror and surprise depicted on any of the starting faces as on those of the Mexican victims of our landing at Vera Cruz. If what these miserable peons learned in their last moment of life could be told their companions back in the hills and valleys of Mexico, neither Venustiano Carranza nor Francisco Villa, nor any other rebel leader would have enough followers tomorrow morning to polish his boots."

BEAVERS AT WORK IN OHIO

Rebuild Dam Carried Away by Early Floods

Kent, Ohio, April 20.—Beavers have invaded the Fish Creek Valley, and are cutting down timbers on Walter Parmelee's farm. Trees eight inches across have been cut down and a dam was made, but the high water and ice carried it away.

The little fellows have started work again and have every evident intention of rebuilding. The supposition is that the beavers made their way out of

Silver Lake to the Cuyahoga River and from there upstream to the outlet of Fish Creek, turning northward to these waters and seeking out a suitable place to construct their dam.

There is a heavy penalty against harm being inflicted upon the beaver and Mr. Parmelee is every anxious to have them protected.

\$5,000,000 MILK CO. PLAN

Chicago, April 20.—Plans for a \$5,000,000 co-operative corporation, composed jointly of producers and dealers, to distribute milk in Chicago at a \$12,000 daily saving to the consumer was the answer today to the announcement that beginning tomorrow the Borden's Condensed Milk Company will increase the price of a quart of milk from 8 to 9 cents.

Ira J. Mix, president of the Ira J. Mix Dairy Company, is the originator of the co-operative idea and he has outlined the plan to R. B. Swift of Libertyville, president of the Milk Producers Association, for consideration by the farmers.

LOSS OF APPETITE

Most Successfully Treated by Taking Hood's Sarsaparilla.

Loss of appetite is accompanied by loss of vitality, which is serious.

It is common in the spring because at this time the blood is impure and impoverished and fails to give the digestive organs what is absolutely necessary for the proper performance of their functions.

Hood's Sarsaparilla, the old reliable all-the-year-round medicine, is especially useful in the spring. Get it from your druggist. By purifying and enriching the blood and giving vitality, vigor and tone, it is wonderfully successful in the treatment of loss of appetite and the other ailments that are so prevalent at this time. It is not simply a spring medicine—it is much more than that—but it is the best spring medicine.

Hood's Sarsaparilla makes the rich red blood that the stomach and other digestive organs need. Get it today.

ARCHBISHOP IRELAND ON LIFE INSURANCE

"I cannot understand why there should be a single individual with any responsibility whatsoever, who has family, relatives or friends who has not an insurance upon his life. I hold as benefactors of humanity and society those who go around using eloquence, poetry and persuasion and everything else, and who others to insure their lives. I have very little regard for any man who leaves this world without having been able to leave behind him a life insurance policy, so that those dependent on him are provided for; so that any debts he himself may have are paid, and if he has not much of an estate, so that he himself may be buried in decency and honor."—Archbishop Ireland.
